

SAVING TIME IS YOUR SUPERPOWER

Bring simplicity and efficiency to your reporting and dashboarding.

REPORTING & DASHBOARDING SHOULD BE EASY & EFFECTIVE

We believe in simplicity and efficiency. Reporting and dashboarding your business' information shouldn't be a difficult or time consuming process.

**ARE YOU READY TO
MAKE THINGS
EASIER?**

**LET'S DIVE IN
TOGETHER...**

Get started with an initial
kickoff before installation

We'll fully handle
the setup

and train your team

so that you are up
and running in 2-3
weeks

**SIMPLIFY
SAPB1**

**AND
BECOME
FULLY SELF-
SUFFICIENT**

**WITHOUT
RELYING ON
ANYONE ELSE**

CREATE CUSTOM REPORTS & DASHBOARDS

QuickStart for SAP BI is powered by IBM and NewIntelligence

Giving business users easy & effective DIY reporting & dashboarding to simplify your SAP Business One environment.

Leveraging advanced IBM analytics and planning technology.

We can connect and fully integrate to your data to put customer reporting at your fingertips without requiring any sap licensing.

It's never been easier to QuickStart a new level of business intelligence.
